

**Pupil Premium Report
For 2018/19**

Summary Information			
Academic Year:	2018-2019	Total PP Budget:	£13,613.33 (Actual spend £23,887.33)
Total number of pupils:	143 (as at July 2019)	Pupils eligible for PP	9

Schools receive extra funding from the Government called the Pupil Premium for, amongst other things, children in receipt of free school meals and for children of service families. It is a Government initiative and, like all such funding, is subject to alteration and, possibly, cancellation.

Eligibility is triggered by a child receiving free school meals at any point during a set number of years, currently six, or being the child of a serving member of the armed forces.

In the academic year 2018-19, nine children attracted this funding, covering a range of year groups and socio-economic backgrounds. However, the administration of this funding presents challenges to schools due to the dates for census collection (meaning some children transferring schools may not be on roll when the information determining the school's budget is collected).

" It is for schools to decide how the Pupil Premium ...is spent, since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility."

Department for Education.

This report is in two parts and will show:

1. A report on the previous year (2018-19) showing
 - a. how the PP allocation was spent
 - b. the impact of the expenditure on eligible and other pupils.

2. A plan for the current year (2019-20) showing
 - a. the school's PP grant allocation amount
 - b. how the money will be spent to address barriers to educational achievement
 - c. how the impact of the PP spending will be measured

Barriers to future attainment (for pupils eligible for PP including high ability)	
a.	Attendance; episodes which mean a child misses a sequence of lessons.
b.	Children who join us from other schools; identifying and closing gaps due to previous experiences.
c.	Disruption or lack of capacity in families or schools to provide experiences which develop social capital.

Targeted support 2018-19			
Desired outcome	Action/Approach	Rationale	Outcomes/Evidence
<p><i>There are a range of barriers which can affect all children including PP children. To enable all pupils to be successful learners, we tackle:</i></p> <p>Academic achievement</p> <p>Well-being</p> <p>Inclusion</p> <p>Supporting children who have moved schools</p> <p>Endeavouring to provide a curriculum which acknowledges the importance of 'social capital' for all children.</p>	<p><i>All aspects of school life contribute as an approach to giving all children the best start. Strategic actions for 18/19 included:</i></p> <ul style="list-style-type: none"> • Breakfast Club • After-school Club • Child Counselling Services • Subsidising residential visits/school trips • In-class teaching support across the school • Progress is monitored by teachers daily and by senior staff at least weekly, if not daily 	<ul style="list-style-type: none"> • Ensure pupils are mentally and physically ready to start the day/learn • Remove potential cost barriers • SMSC development for vulnerable pupils to support learning • Whole school strategy 	<ul style="list-style-type: none"> • Exceptionally small number of PP (below 6) pupils at KS2; not appropriate to publish attainment data. However... • This exceptionally small group nevertheless made significant gains across a whole range of factors both academic and social. • Gaps have been narrowed • Attendance rates improved • All PP pupils had access to school trips and residential visits • Improved transition from home to school

SMSC = Spiritual, Moral, Social and Cultural

ARE = Age Related Expectations

Summary Information			
Academic Year:	2019-2020	Total PP Budget:	£12,140.00 (April to March)
Total number of pupils:	142	Pupils eligible for PP	6

Planned PP expenditure 2019-20
