

The Hendreds Church of England School

Value Who We Are and Who We Can Become

Key Stage 1 SATs

Parent information meeting

Why SATs?

- A snapshot of the learning our Y2 children have accumulated throughout their time in KS1
- Tests introduced to measure **schools** rather than individual children – a way to assess a school's ability to add value to a pupil's academic progress
- Tests give a benchmark for schools so they can plan for KS2
- From 2024, the tests will be optional. Schools will continue to report teacher assessment levels, which can be informed by the schools own assessments, or the optional KS1 SATS tests or a combination of both

Teacher Assessment

- All the assessment in Year 2 is based on Teacher Assessment
- Teacher Assessment is based on a broad range of evidence from across the curriculum and knowledge of how a pupil has performed over time and in a variety of contexts. It is carried out as part of teaching and learning.
- SATs are used to help support and inform judgements.

The Tests

- The SATs take place during the month of May. We will start them w/b 16th May.
- The school works hard to ensure that we *do not* create any anxiety around these tests. We have done past papers in preparation so they are not unfamiliar.
- The tests are not timed and discretion is used to give the children breaks when necessary.

The Tests

- There are 4 assessments in total:
 - Maths – Arithmetic
 - Maths – Reasoning
 - Reading Comprehension 1
 - Reading Comprehension 2

Marking the tests

- All tests are marked by the teacher.
- Writing is assessed internally by the teacher, following rigorous assessment procedures and set criteria.
- Writing assessment may be externally moderated.

Assessment criteria in schools

- Pupil are now assessed in primary schools as:
 - ✓ Working **towards** the Expected Standard
 - ✓ Working **at** the Expected Standard
(sometimes called ARE or Age Related Expectation)
 - ✓ Working **at Greater Depth** within the Expected Standard

SATs results

- Test scores are reported as 'scaled scores'.
- The raw score for each test is converted into a score between 85 – 115.
- 100 is the threshold for a pupil working at the Expected Standard for the end of KS1.
- To be working at Greater Depth in Reading and Maths, children would need a scaled score of 110 or above.

National Data

	Reading	Writing	Maths
2019	75%	69%	76%
2022	67%	58%	68%

Reading Paper

Paper 1 (20 marks)

- This is a combined reading prompt and answer booklet. This paper is the shorter of the 2 papers. The children read a piece of text at the top of the page and answer the questions below it.

Paper 2 (20 marks)

- This paper has a separate reading booklet and answer booklet. The answer booklet tells the children which pages that they can locate the answers on.
- During the test, the children **cannot** have **anything** read to them. Daily reading is essential.

Paper 1

On Monday, we had a very good day. We went to the fair in the park. I won a huge, pink teddy.

On Wednesday, we went to the circus in a big tent. It was so lovely! We saw acrobats swinging high above our heads.

On Friday, JJ said, "Let's do something for Mum. She has been working all week."

"Can we do a picture in the garden?" I asked.

1 Draw **three** lines to show what Jasmine and JJ did on each day.

Monday	• did something for Mum
Wednesday	• went to the fair
Friday	• went to the circus

1 mark

2 What did Jasmine and JJ see at the circus?

1 mark

A cowboy's job

Two hundred years ago in North America, a huge area of grass covered most of the land. Because people wanted to eat meat, they kept cows on this land.

Cowboys were needed to move the cattle from one place to another. This could take months, so the cowboys lived and worked together and became friends.

A group of cowboys

14 What covered most of the land in North America two hundred years ago?

1 mark

15 What job did the cowboys do?

1 mark

16 Why did cowboys become friends with each other?

1 mark

- Some questions are **multiple choice** or **selected response**; others require **short answers** and some require an **extended response** or **explanation**.

Paper 2

feeling unloved and unwanted. She could almost hear them calling to her. "Come back and save us!"

10

When the sun came up, Dora dressed quickly and raced up to the hall. She could see her things through the window, waiting to be sold.

"I'll get them back," said Dora. "if I have to buy them all. At least I'm the first in the line."

15 During the night, Dora decided to...

(page 10)

bring back everything she had taken to the jumble sale.

Tick **one**.

go to the jumble sale to buy new things.

make sure her things were sold at the jumble sale.

take even more things to the jumble sale.

1 mark

16 Circle **two** words that show Dora was in a rush to get back to the hall the next morning.

(page 10)

When the sun came up, Dora dressed quickly and raced up to the hall. She could see her things through the window, waiting to be sold.

Maths

Paper 1

- **Arithmetic** – the tests contains a mixture of number sentences for them to calculate including addition, subtraction, multiplication, division and fractions of a number.

Paper 2

- **Reasoning** – the tests start with 5 aural questions, where the children are encouraged to write down key facts of the question to help them work it out.
- After these questions, the children set off on the remainder of the paper. These questions are presented in words rather than number sentences. It covers the 4 operations, fractions, shape, position and direction, statistics (data handling), money, place value and 2 step problems.
- In the Reasoning test, children can ask to have the question read to them, but numbers and symbols may be left to the child to read so they are not lead to an answer.

Maths Paper 1: Arithmetic

3 $18 - 6 =$

1 mark

9 $22 + 22 =$

1 mark

17 $40 \div 10 =$

1 mark

4 $10 \times 10 =$

Lots of question styles and most questions have got visual aids. The questions can be read to children.

How to help your child

- First and foremost, support and reassure your child that there is nothing to worry about and they should always just try their best. Praise and encourage!
- Ensure your child has the best possible attendance at school.
- Support your child to:
 - Read at home daily and discuss what they're reading.
 - Practice times tables (2s, 5s and 10s) and other mental arithmetic such as number bonds.
 - Bring Maths into everyday life: calculating change, reading the time, measuring when cooking etc.

*How are
we
helping?*

- Business as usual! The children are very familiar with the style and administration of SATs tests and have worked very hard. A time to shine!
- Small revision groups for all in reading and maths.
- Additional support sessions for reading and maths.
- Regular termly testing to get used to procedure, layout and language.

*Any
questions?*
